

Conference for Forestry

in Luxembourg

The international legal and technical aspects of forestry investments

**Tuesday, 10th December 2024,
Luxembourg city.**

At this conference, esteemed experts will present insights on the international legal and technical aspects of forestry investments. Various ways of investing, holding, managing, reselling a forest, including through direct investments, funds and bonds, will be discussed.

The necessary compliance, financing, key legal and technical considerations necessary for successful forestry investments will be shared by experience professionals.

This technical day is designed to prepare you for the International Forest Investment Conference, to be held in partnership with DANA, in Luxembourg on March 25-27, 2025.
