

Fair for opportunities: Senegal

in Luxembourg

Develop your contacts in and from Senegal

**Tuesday, 4th February 2025,
Luxembourg city.**

Entrepreneurs, companies, entities and exporters from Senegal, including also the senegalese diaspora worldwide, gather in Luxembourg to meet with experts, commercial, technical partners and investors.

With its high education level, stability, openness and new oil and gas fields entering production, Senegal is becoming a key focus for agribusiness experts, investments, merchants, importers, donors, researchers, social impact investors.

Conference program

In one room

9h: presentation of Senegal's business environment

10h: presentation of Luxembourg Business Environment

From 11h on, every 15 minutes, a company will present its agribusiness project with Senegalese and/or Luxembourgish partners, covering agribusiness areas such as investment,

distribution, research, education, legal, financial, and production. Some presentations will be conducted via video conference, aiming to engage suitable attendees.

In another conference room

Companies and entities from both countries will exhibit their projects and research at booths measuring 3x3m, 4x4m, or 5x5m.

The conference will facilitate initial business contacts, which partners can further develop.

SMEs and VSEs exhibit at our conferences

Did you know that your presence at our conferences would highlight our latest innovations and your issues?

We firmly believe that your participation will enrich the event and arouse keen interest among participants.

To exhibit, contact the LAA.

Our next conferences

Tuesday 11th february 2025.
