

Fair for opportunities: Iceland

in Luxembourg

Develop your contacts in and from Iceland

**Tuesday, 11th February 2025,
Luxembourg city.**

Entrepreneurs, companies, entities and exporters from Iceland gather in Luxembourg to meet with experts, commercial, technical partners and investors.

With its low heating cost, its 100% renewable energy, its low electricity cost, the Gulf Stream along its shores, its impressive reforestation program, its experience in indoor agriculture and marine farms, its lack of corruption, Iceland agribusiness sector is a thriving world for investors and start ups.

Conference program

In one room

9h: presentation of Iceland's business environment

10h: presentation of Luxembourg Business Environment

From 11h on, every 15 minutes, every 15 minutes, a company will present its agribusiness project with Icelandic and/or Luxembourgish partners, covering areas such as investment,

distribution, research, education, legal, financial, and production. Some presentations will be conducted via video conference, aiming to engage suitable attendees.

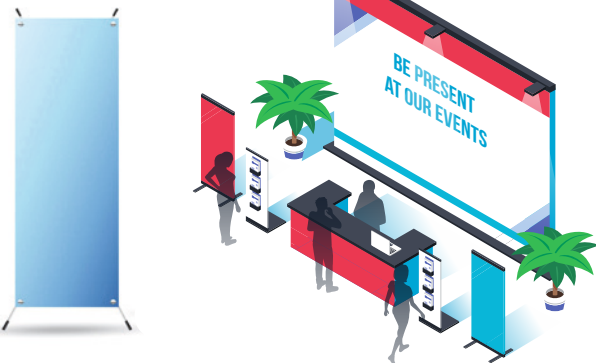

In another conference room

Companies and entities from both countries will exhibit their projects and research at booths measuring 3x3m, 4x4m, or 5x5m.

The conference will facilitate initial business contacts, which partners can further develop.

SMEs and VSEs exhibit at our conferences

Did you know that your presence at our conferences would highlight our latest innovations and your issues?

We firmly believe that your participation will enrich the event and arouse keen interest among participants.

To exhibit, contact the LAA.
