

# Speed dating european biodiversity and ecological compensation conference in Luxembourg

**Find investors, impact investors, donors, sponsors  
for your association protecting biodiversity**

**Tuesday, 20<sup>th</sup> November 2024,  
Luxembourg city.**

Non Governmental Organizations, Associations, Foundations (with public utility and tax deductible status) from EU countries, all of them being non for profit, safeguarding endangered species (plants, seeds, animals) will exhibit their projects, successes, researches and motivate in Luxembourg donors, impact

investors, private bankers, family officers, donors and sponsors to support their efforts. In exchange, donors will get a tax credit for their support.

Donors will also benefit from this fair to find projects to introduce to their wealthy clients, increase their score in the extra accounting notations, gain experience and knowledge to convince new young clients to support biodiversity preservation and ecological compensation.

For profit entities are kindly requested to come to our events « fund raising » and « infrastructure and biodiversity conference ».

Conference language :

**English**

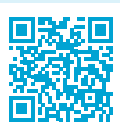

Français / Deutsch : upon request

## Conference program

**In one room, every 10 minutes,**

an entity will come to stage and introduce their project and their financial search.

**In an adjacent room,**

entities will also exhibit their projects on a small booth (3X3m) and investors/donors can come and meet them throughout the day.

**Investors/donors**

are roaming around trying to find the project they prefer, the one they want to attach their image to.

## SMEs and VSEs exhibit at our conferences

Did you know that your presence at our conferences would highlight our latest innovations and your issues?

We firmly believe that your participation will enrich the event and arouse keen interest among participants.

**To exhibit, contact the LuxAA.**
